STONE MANUFACTORY

OSCAR

STONE MANUFACTORY

Cégünk, az Oscar Gyártó és Szolgáltató Kft. 1990 óta működik családi vállalkozásként.

Táborfalvai telephelyünkön, szeretettel várjuk a kedves vásárlókat, ahol a készleten lévő anyagok, késztermékek bemutatásával segítünk az érdeklődőknek eligazodni a kövek világában. Hiszen már több mint 30 éve formálódnak kezünk között ezek a csodálatos anyagok: gránit, márvány, mészkő, onix, kvarcit.

Az anyagok beszerzése során a képzelet nem szab határt, hiszen a sok éven át megszerzett külföldi üzleti kapcsolatok révén tudjuk rövid időn belül teljesíteni kedves vásárlóink igényeit.

Az Ön otthonában maradandó értéket közvetítünk azzal, hogy az egyik legősibb természetes anyagot visszük életterébe. Legyen az csak egy konyhapult, egy lépcsőburkolat, de akár belsőépítész által megkomponált teljes körű kivitelezés.

Az évek során kialakult tapasztalat, az itt bemutatott referenciák, illetve a mögötte lévő szellemi erőforrások alapján bátran kijelenthetjük: „Jól dönt, ha minket választ.”

Our company Oscar Manufacturing and Service Ltd. has been operating as a family business since 1990.

At our site in Táborfalu, we are looking forward to welcoming our dear customers, where we can help those interested in navigating the world of stones by presenting the materials and finished products in stock. For over 30 years, these wonderful materials have been forming in our hands: granite, marble, limestone, onyx, quartzite.

There is no limit to our imagination when purchasing materials, as we have many years of foreign business relationships to meet the needs of our dear customers.

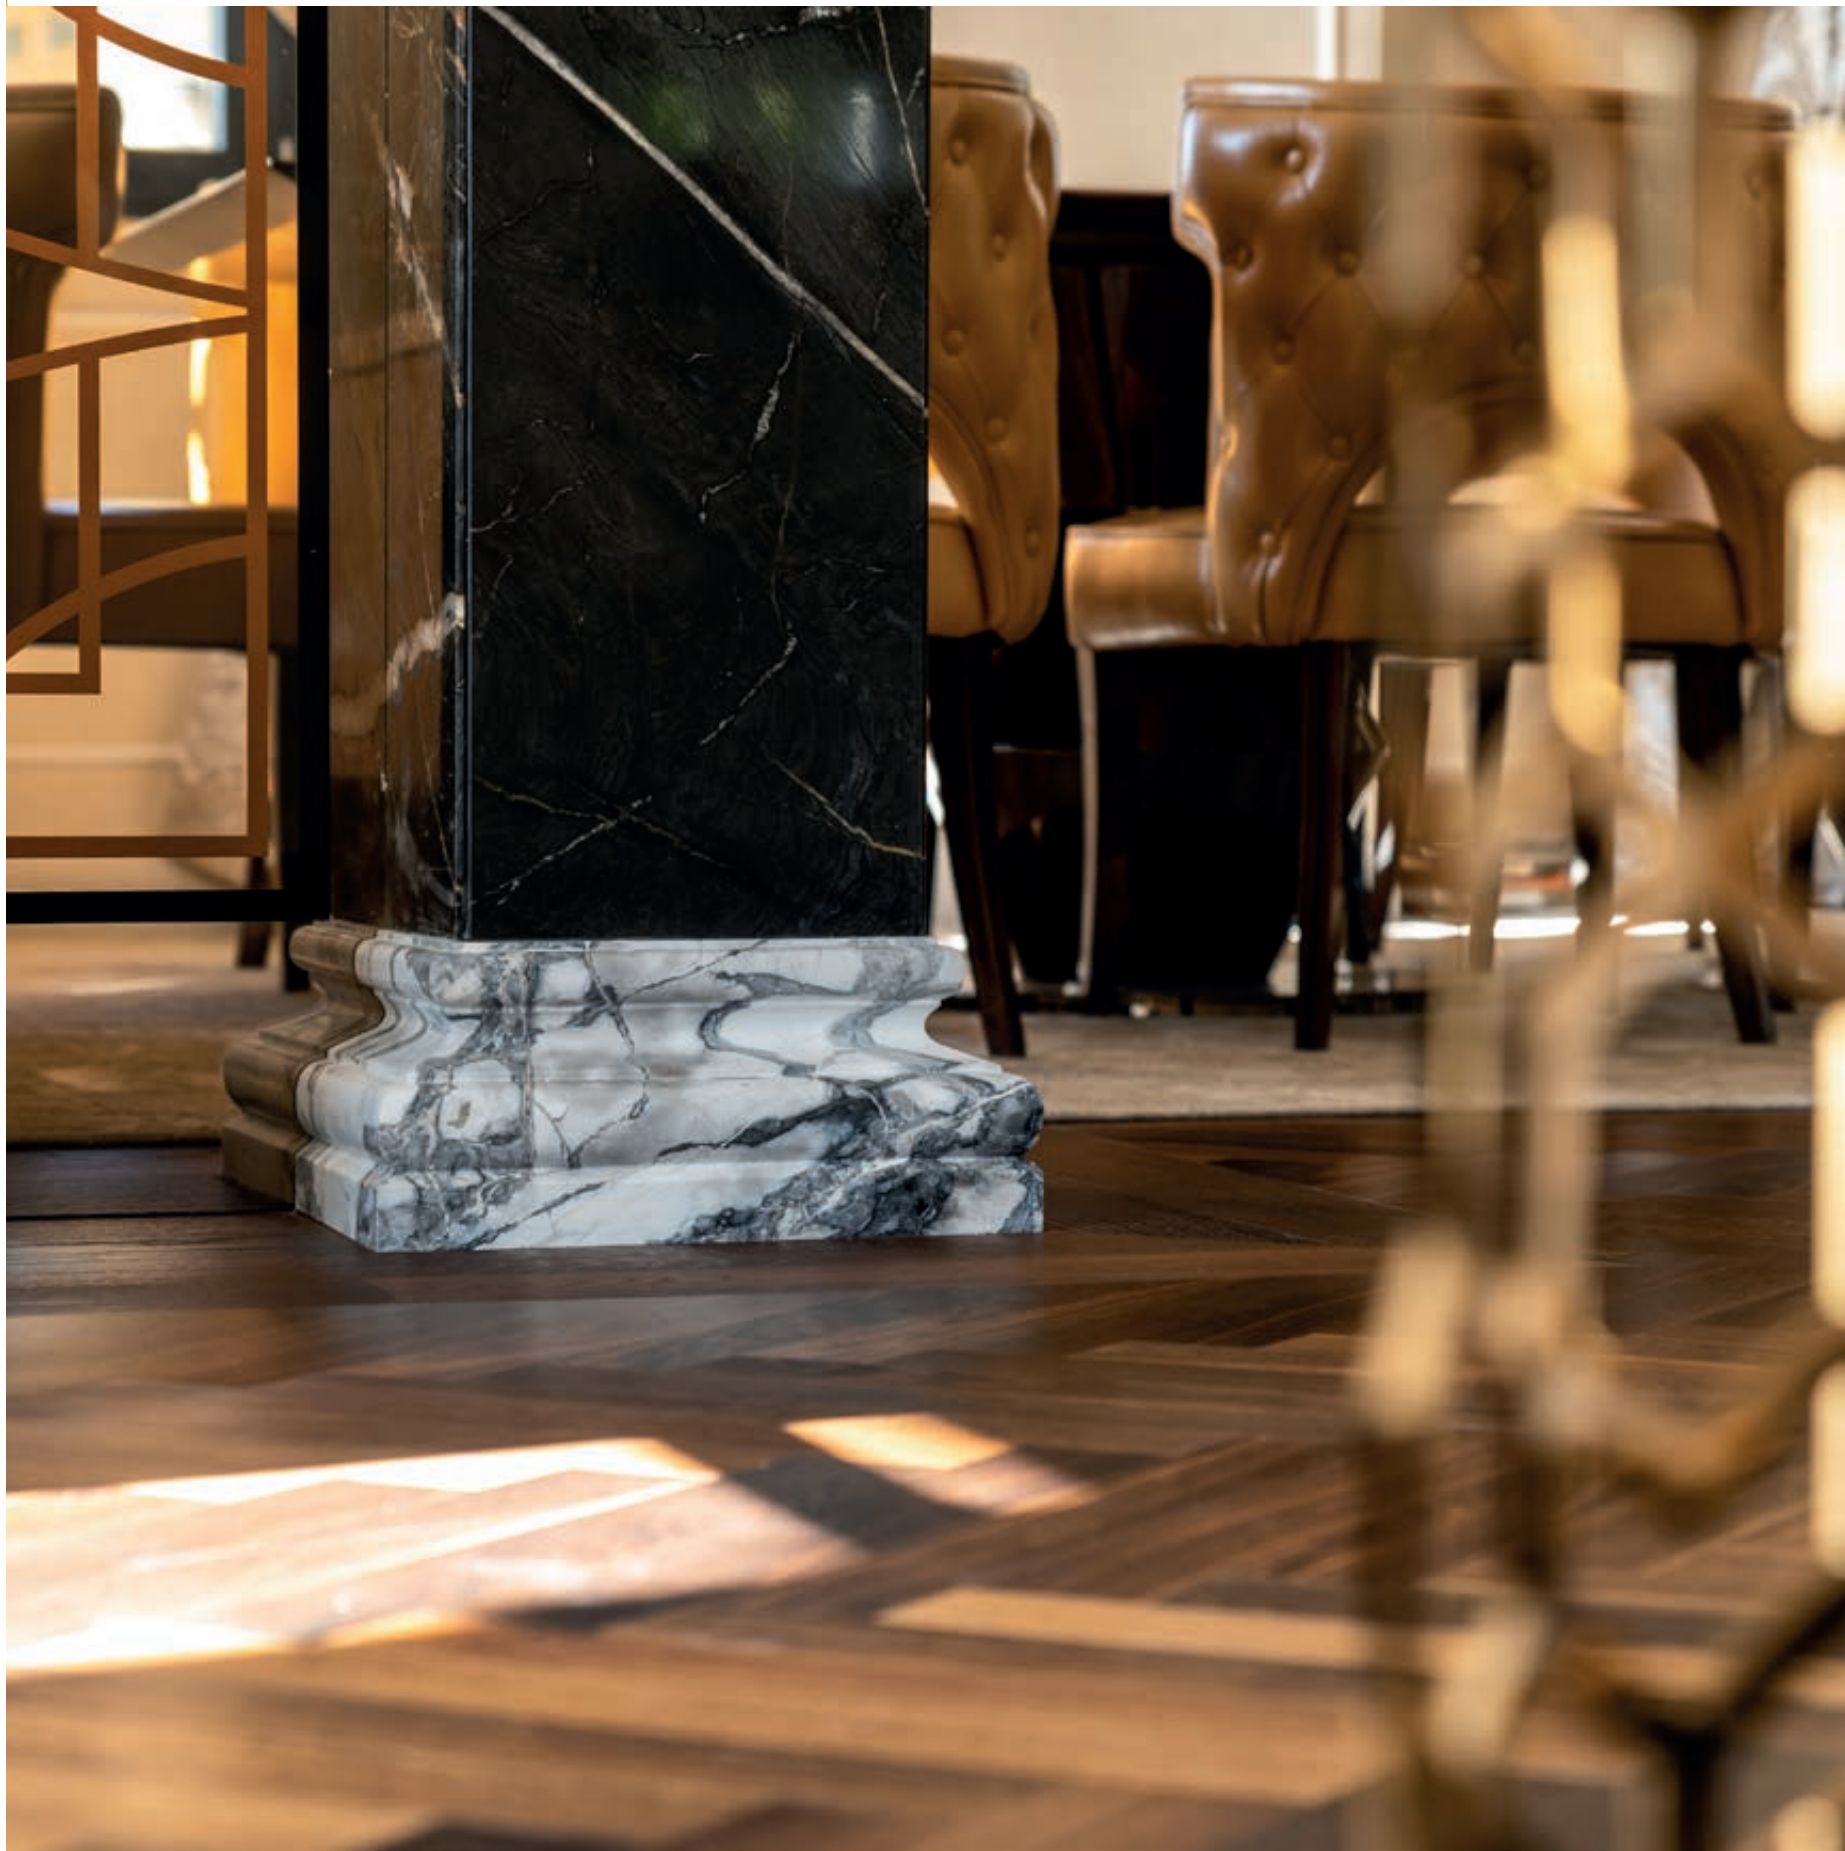

We bring lasting value to your home by bringing one of the most ancient natural materials into your living space. Whether it's a kitchen counter, a staircase, or even a complete design by an interior designer.

Based on the experience gained over the years, the references presented here, and the intellectual resources behind it, we can safely say:

„You make the right choice when you choose us.”
